Hi David,

I just wanted to say thank you for the great job that you and your Audio Arts staff did at the Springtown Music and Arts Festival. The sound quality was amazing and very impressive with the with wide array of bands and musical styles that were sharing the stage that day. From bluegrass to heavy metal your crew handled the set changes with precision and professionalism. I would also like to express my gratitude for the extra lighting and fog effect you provided for my band Cartune at the Bastrop Louisiana show. It was the perfect addition to the visual aspect of the presentation. I have really enjoyed working with you in the past and look forward to working with you again very soon. I would gladly recommend Audio Arts to anyone looking for quality sound and courteous service for any style of music at any venue.

Wishing you continued success,
