To whom it may concern:

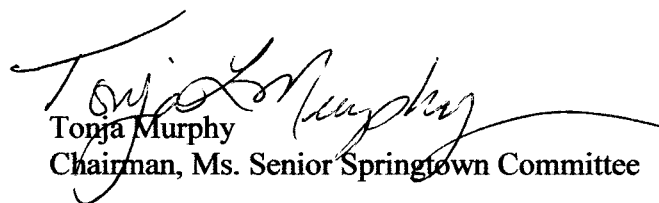

I am pleased to write this letter of recommendation for David Ward. David worked with me on the production of the 2008 Ms. Senior Springtown Pageant on May 10, 2008. He provided services as sound technician with great skill.

During David's service with us I admired him for his many valuable qualities, and regarded him with upmost respect. Very goal oriented as well as a team player, David was punctual, yet easygoing. He was dedicated to his work and the job at hand.

David demonstrated great knowledge of the sound system and set up his own equipment to make the event a complete success. He was well organized; I suppose doing well in business is easy if you are, as he was, driven in equal measure by both quality and efficiency.

In closing, let me say I have no hesitation in recommending David Ward for any event requiring a skilled and personable DJ or sound technician.

Sincerely,

Tonja Murphy
Chairman, Ms. Senior Springtown Committee
