Subject: Testimonial for wedding-Sales/Kraut

We chose Audio Arts to DJ our daughter's wedding. Dave went above and beyond to help make her wedding a wonderful occasion. The wedding was local, but our daughter lived out of state. Dave met with my husband and me in person, then also worked with our daughter via emails and other messages to ensure that he was able to deliver a service that met everyone's needs. He offers great ideas that come from having the experience of knowing how to accommodate varied venues and styles of weddings. Dave made suggestions like the "generation dance" that helped make the reception something that could include everyone. He was willing to work with our musicians during the ceremony to deliver a special song that our daughter wanted playing as she entered the room.

His willingness to do whatever was needed to make the night special was most clearly shown when he received a phone call in the middle of the reception that his own new bride (he had just gotten married himself) had gotten ill and was going to the hospital. Ever the professional, he arranged things to keep the music going, did a few quick calls to make sure his wife was taken care of, then returned to the reception with a calm smile on his face to continue making sure that the guests were up and dancing or enjoying the music. We could not have asked for a more professional, thorough job.

Our daughter, new son-in-law and all of our guests had a great celebratory evening and we would not hesitate to recommend Audio Arts if you are looking for a professional DJ who will do the job right.

Regards,
Becca and Rick Sales
